Mr. Martin Honigberg
Chairman, SEC
Public Utilities Commission
21 South Fruit Street, Suite 10
Concord, NH 03301

Dear Chairman Honigberg:

I want to add my voice to Senator David Watters and State Representative James Verschueren in requesting that the Commission deny the exemption request for the Sea-3 Propane Facility Expansion. I believe that a full review by the site evaluation committee is both prudent and in order in considering the expansion of this propane facility.

I am the state representative for Ward 4 in Dover and I both fully understand and support Dover's objection to granting the exemption. The public's interest is protected by a full and transparent review of this type of application and I would hope you and the committee would agree.

Please deny the request for exemption and I thank you in advance for your consideration on this matter.

Very truly yours,

Representative Len DiSesa
